

EESA-2015-16 – IET Industrial Visit Report

12 September 2015

Place: Reliance Thermal Power Station , Dahanu Road.

The Industrial Visit to Reliance Thermal Power Station was organised by Electrical Engineering Students Association (EESA) in association with IET on 12 September 2015.

The Industrial visit was organised for only Third Year electrical Engineering students of Sardar Patel College Of Engineering.

The visit was attended by 2 faculty members, Prof. Vishal Dake and Prof. Rahul Chavan. With this visit the students were able to get an inside view of the plant and also were able to know the working of each plant section.

At the power plant the visit was conducted by Mr. Avinash Pathak sir and Mr. Premnath Raut sir. The plant chief instructor and the 2 sir were provided with memento from EESA and IET.

At the end of the visit the students were satisfied with the arrangement and also with the knowledge they gained.

The boys and girls group attending the visit.
