

Ishwar Anil Nimbhore, Third Year Civil Engineering Student from Sardar Patel College of Engineering, Mumbai **with his Team Waste2Wealth** members from Government Engineering College Jalgaon and SSBTE College won the **silver award of INR 2,50,000** for developing W2W Energy, Fuel and Mobility Generation from Innovative Biogas Plant.

Padma Vibhushan, Padma Bhushan and Padmashri awarded **Dr. Raghunath Mashelkar**, former Director General of the Council of Scientific and Industrial Research (CSIR) and **Dr. Anil Sahasrabudhe**, Chairman of EC National Assessment and Accreditation Council and National Educational Technology Forum were the chief guests at the grand finale event.

Event Description: -

KPIT Technologies, hosted the Grand finale of KPIT Sparkle 2023, an annual national design and development innovation contest for Engineering, Science, and Design students, at their Pune campus between 18th – 19th March 2023. The platform brings together mentors and young professionals passionate about mobility and energy. It is building an ecosystem that encourages and inspires budding professionals to solve everyday problems with innovative, sustainable & indigenous solutions.

Team waste2wealth solved the **Urban waste management problem** by creating awareness in source segregation and by providing valuable by-products with the help of their innovative Scrubbing System in Bio-gas treatment plant.

Special Thanks to Ritesh R. Chimankare and Other Teammates who support from back of the hand
