Report of One Day Workshop on Innovation and IPR

One Day workshop was organised by Mentor Institute Sardar Patel College of Engineering, Andheri, Mumbai under Twinning Activity of TEQIP–III for Mentee Institute Govt. Engineering College, Rewa, M.P on Innovation and IPR on 15th November 2019 for faculty and students of SPCE and GEC Rewa.

Intellectual property right plays an important role in promoting Economic growth of our nation. India enjoys a large asset of R&D personnel and infrastructure facilities. This workshop was organised to sensitise about Innovation and IPR.

The day of program commenced with the welcome of program instructor Prof.Kiran Talele (Head of Reaserch Innovation & Entrepreneurship Development Centre, SPIT Mumbai) by Dr. Santosh Rane, Dean Academics SPCE, Mumbai. It was followed by introduction and felicitation program of guest.

Initially Dr. Santosh Rane, gave an overall idea of workshop which included objectives of the workshop, expected outcomes, schedule of the workshop, modules covered in the workshop. Participation in programme was very encouraging from all of M.Tech, Ph.D programmes and faculty as well. There were 55 enthusiastic participants in all including Ph.D research scholars who participated in day long deliberation of the workshop.

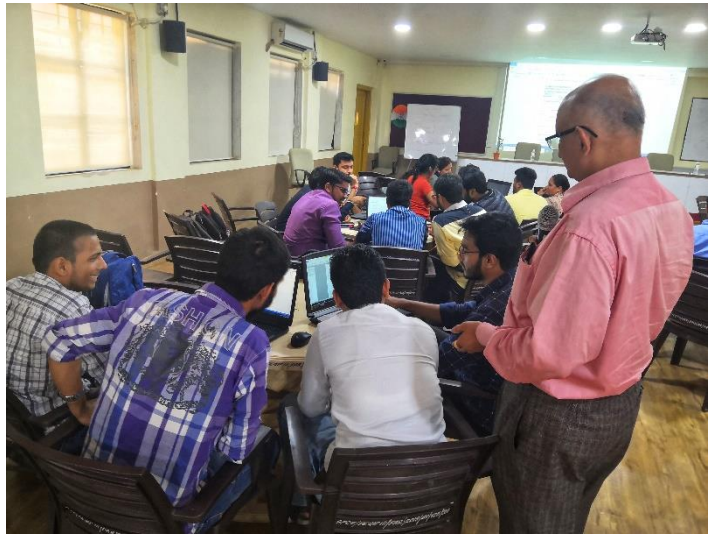

Program instructor Prof.KiranTalele addressed the participants on importance of IPRs and their protection and begin with introduction to IPRs. He explain IPR as creation of mind,inventions, literary and artistic works ,symbol, name image and design. He voiced that india has miles to go, as we have a huge young population with a great creativity.

In presentation, he discussed difference between tangible assets and intellectual property and different types of IPRs i.e patent, trademark, copyright, industrial design, geographic indication and explained each with its basic right to implement and laws regarding every IPRs.

After refreshing tea break, program speaker explained about novelty and inventiveness of technology. He explained various types of inventions that can't be patentable and also discussed the current system procedures and work flow for patents.

After a lunch break, Prof.K.Talele explained the process of filling the patent application, copyright application, Trademark application, Design application in which every participant got the chance to know how to file application and the scheme for facilitating start-ups , intellectual property protection. He illustrated a technique to look into filed patent and search as per interest of candidate.

Dr.SantoshRane thanked the expert speaker for his valuable presence and sharing his expert knowledge on intellectual property right and making one day workshop memorable and successful.
