

Mechanical Engineering Department

**3-Day CNC TRAINING in association with GODREJ & BOYCE
MANUFACTURING COMPANY LIMITED from 9 to 11th December 2014**

Mr. Yatin Assistant Manager from Godrej & Boyce Mfg. Co. Ltd, Mumbai explaining the concepts of CNC programming to the participants

Department of Mechanical Engineering conducted a 3-Day training program on Computerized Numerical Control (CNC) Machines for UG/PG students, Faculty & supporting staff in association with GODREJ COMPANY. The training was very well received by the participants. Training was aimed to demonstrate Automation and be conversant with CNC programming. Around 20 participants got benefitted from this training. This training was planned so that the supporting staff can come forward in this area and arrange courses/workshop on CNC machines in the area of programming & maintenance.

Participant Mr. Nilesh Kelkar Operating CNC vertical milling machine
