Activity Report for 'Smart Board Inauguration and Alumni Tech-Talks'

Electrical 2012 batch has gifted smart board to the institute which is installed in room no. 129. The inauguration of the same was organized on 23rd October 2023. The esteemed guest Alumni, Mr. Akshay Mhatre (Batch of 2012, Electrical Engineering) who is Founder and Director of Gusto Controls, was invited for this event. Mr. Akshay personally gifted the UPS Protection box for the smart board.

For the inauguration of the smart board along with Akshay , Dr. M.M. Murudi Principal, SPCE, HoD EED Dr.(Mrs.) Sangeeta Daingade and alumni committee members and electrical department faculty members were present.

Dr. M.M. Murudi expressed gratitude towards the batch of 2012 for their thoughtful gift. He emphasized the importance of such advancements in educational institutions, as they facilitate interactive learning and create an environment conducive to innovation.

DR.(Mrs.) Sangeeta Daingade (HOD of Electrical Department) thanked the batch of 2012 for their generous gift, emphasizing the significance it holds in promoting a collaborative learning environment. Later on, Mr. Akshay gratefully extended his heartfelt appreciation to the college administration for extending him an invitation to attend and partake in the inauguration ceremony of the Smart board.

The 'Alumni Tech Talk' was scheduled after the inauguration ceremony of the smart board, to provide an opportunity for students to gain insights from successful alumni and to explore emerging tech trends. Ms. Harshali introduced Mr. Akshay to students.

Mr. Akshay shared insightful ideas regarding emerging tech trends and their potential impact on various industries. Furthermore, he elaborated on the concept of real-time control in embedded systems, shedding light on its applications and possibilities.

Mr. Akshay's talk also revolved around the significance of building future entrepreneurs. He emphasized the need for students to develop an entrepreneurial mindset, enabling them to navigate the rapidly evolving business landscape. He shared his personal anecdotes, offering valuable advice on starting and scaling businesses based on his own experiences as an entrepreneur.

Throughout the session, students actively participated, asking questions and seeking clarifications on various topics discussed. Mr. Akshay enthusiastically responded to each query, providing valuable insights and guidance. Mr. Rajat presented vote of thanks.
